should it Succeed, France Will Have to Forego Her Revenge for Many Years-Foreign Notes.

Copyrighted, 1889, by the N. Y. Associated Press BERLIN, Aug. 10 -Among the first fortunate fruits of England's attachment to uitaneous suspension of the Cretan rising. The swittness of the combined diplomatic action of England, Germany, Austria and Italy upon the Cretan question as propounded by the Greek note to the powers is the result of a previous understanding of the powers with Turkey on united action in the east. The Greek note which threatened an intervention in Crete, inspired as it was by Russia, met with a decisive response from four powers within two days. A semi-official a ticle in the Journal de St. Petersburg admits the promptitude of the decision of the powers has prevented the movement from assuming proportions which would menace the peace of Europe. These diplomatic successes inspire the foreign office here with brighter hopes of drawing Spain into the league. The Italian government having better relations with the Spanish court than Germany, has been entrusted with the carrying on of the negotiations at Madrid, and sends Signor Cialdini as special envoy. If Signor Cialdini succeeds in perfecting an arrangement similar to that with England, Prince Bismarck will have so ringed France with a circle of powers hostile to a war of revenge as to guarantee a permanent peace and a probable reduction in armaments.

Emperor William and Prince Henry arrived at Wilhelmhaven this afternoon, and immediately went by special train to Berlin. Emperor Francis Joseph's arrival is timed for Monday at 4 p. m. The ceremonial of his reception will be similar to that of King Humbert's, although he has asked on account of his recent affliction a very quiet welcome. Popular curiosity is not excited over the visit, public interest being centered in the czar's coming, which is now fixed for the 26th inst. The Freuz Zeitung, referring to the statement of Gen. Boulanger that he used the secret fund to buy the right to inspect the papers of the military attache of the German legation, says Col. Villaume while the attache at Paris caught a clerk in the act of copying the documents. This is the only foundation for Gen. Boulanger's story. Delegates from one hundred and sixty-three mines met at Boghum to-day and decided to send a representative to the Silesian mines to arrange for concerted action. The authorities disfavor coalition, but the project promises to succeed. The chief of the Bavarian socialists have called a general assembly at Nuremberg to organize for the electoral campaign.

WASHINGTON'S WAY

Telegraph and Telephone Companies De-

OLYMPIA, W. T., Aug. 10 .- The convention to-day declared telegraph and telephone companies to be common carriers, and subject to the action of the state legislature. The section establishing a railroad commission of three to be appointed by the governor and confirmed by the senate was defeated. The committee on tide water proposed to create a commission to lay a harbor line at a point in front of all municipalities where the water is twentyfour feet deep at low water, and they propose to reserve the distance between this line and the shore for wharf and other similar purposes, the fee simply to remain in the state.

A beautiful banner bearing the coat of arms of George Washington was submitted arms of George Washington was submitted to the convention with the suggestion that they be adopted as the coat of arms of the state. An article passed giving the legislature the power to pass homestead laws and also another declaring that the water ways of the state belong to the people for irrigation, mining and manufacturing purposes. The convention also adopted the educational article.

President and Secretary.

BAR HARBOR, Me., Aug. 10 .- President Harrison went for a sail to-day, the guest of Secretary and Mrs. Blaine. The passenger steamer Sappho, which usually plies between the Mount Desert ferry and Bar Harbor, had been selected, and it carried nearly a hundred ladies and gentle-men, who went partly around the island and into Somes Sound with the president, by invitation of the secretary of state. After dinner to-night the president and Blaine went to a reception which the Kebo Valley club gave. Following the recep-tion came dancing. Seven hundred and fifty records were present. fifty people were present.

To Meet on the Field of Honor. ATLANTA, Ga., Aug. 10 .- Patrick Calhoun, a grandson of John C. Calhoun and counsel for the West Point Terminal Co., and J. D. Williamson, president of the Chattanooga, Rome & Columbus railroad, left here last night to fight a duel. It is the result of a quarrel on railroad matters before the state legislature. The outcome of the meeting is not known.

Rattled the Dishes. SARATOGA, Aug. 10 .- A shock of earthuake of forty-five seconds duration was felt in the Adirondacks at 8:40 a.m. to-day. The dishes rattled and buildings shook in at least a dozen places. The motion was from east to west. A noise accompanied the shock and was very distinct and sharp. the past six days have wrought a wonderous change in Spokane Falls. Amid the towering ruins stand many tents in all possible shapes and colors, occupied by bustling business men, who are driving a brisk trade; while many others are located on the sidewalks. One liquor saloon is located in the street, dealing ou the beverage over a row of barrels for a counter. There is no shelter over this novel bar, save the blue canopy of heaven, and a placard is dis played: "This frescoing was done by the greatest artist in the universe. gigantic horse stealing industry is thought to have been established in the coteaus along the Missouri river. Different parties take old, decrepid horses out among the hills, which are totally uninhabited, and any strays that may be around will come to these horses, when they are caught and sent to other parties connected with gang. and soon they will have the borses hundreds of miles from where picked up and then offer them for sale with safety. The facts lead to the belief that this organization leads from Pierre, South Dakota, to Great Falls, Mont., and probably to the British possessions.

What Irrigation Will Do. BISMARCK, Dak., Aug. 10.-Major Powell, of the senate irrigation committee, advised the tank system in irrigation in Dakota. A pond on every farm where practicable that will catch the storm water and store it until the water is needed. He says that a twenty acre tank filled with water to the depth of ten feet will irrigate 300 acres of land and increase the value of the land from 300 to 400 per cent. "If we irrigate we would never need any other fertilizers, and we might crop the land without rotation for 2,000 years. Water in this case is a fertilizer and the land can never be exhausted where irrigation is practiced."

Another Fight in Prospect. CHICAGO, Aug. 10 .- The Atchison, Topeka & Santa Fe issued a new tariff this morning on through business from points west of the Missouri river. This tariff is applicable only to its western extension from Kansas City, the Chicago, Santa Fe & California. This means that it will not divide its business from points west of the Missouri river with any other road between Kansas City and Chicago. A big fight will probably result.

In Favor of the Bank.

SAN FRANCISCO, Aug. 10 .- In the superior court Judge Hogue yesterday decided the suit of the United States vs. Chapman in favor of the Bank of California. The case arose out of the great wheat deal of Isaac Friedlander ten years ago. Action was commenced for the purpose of redeeming certain lands which Chapman & Friedlander conveyed to the bank as security for indebtedness on notes amounting to over \$700,000 with interest at ten per cent. About \$1,500,000 was involved in the suit.

PULLMAN, Ill., Aug. 10 .- At the closing races of the Lake Calumet regatta today. New York again carried off the honors, the Atlantas proving the victor over Toronto in the senior four-oared scull race. Dennis Donahue, of Hamilton, also added to his laurels by his masterly rowing in the senior singles.

The first event of the day was to row off the tie race between the Baysides, of Toront, and the Metropolitans, of New York. John Gray, the bow of the Baysides, was too ill to start with his crew, and they allowed the contest to go to the Metropoli-

tans by default.

First race, junior singles—Starters, D. W. Shea, Boston; F. C. Avery, Chicago; C. A. Gormally, Toronto; J. Lovell, Hamilton; Roger Cregier, Chicago; N. A. Eveson, St. Louis; R. W. Hills, Chicago; E. Frazer, Chicago. Shea had a lead of two lengths nearing the close, but Lovell and Gormally, spurting, lessened it nearly half. Lovell finished second, only a triffe before Gormally, third. Time 11:42½.

Junior double—Starters, the St. Pauls, of St. Paul, Owastanong, of Grand Rapids, Catlins, of Chicago, Minnesota, of St. Paul, Garfield Beach, of Salt Lake. The race was a pretty struggle between the St. Pauls and Minnesota. The others were far in the rear. Donahue, of Toronto, the favorite. D. Donahue kept in the back ground until near to the turn, but he finished two lengths in advance of McDowen, who preceded Kilby by a length. Time 10:48½.

Fifth race—The Detroits and the Garfield Beach ciub, of Salt Lake, had it all to themselves. They started even enough, but the Salt Lakers had established a lead of four lengths at the turn. The Detroits neglected to make a circuit of the stake, and the Utah club practically stopped rowing. It looked as though the Garfield's bow oar went to pieces, but their friends claim not, saying it was due to a foul by the Detroits. The Detroits inished in 10:55. The Garfields' time was 11:40, but they were declared the winners by the referee.

After an hour's bombardment the rioters rushed from the building waving a white sheet upon a pole and shouting, "Peace," "Surrender." The gates were tibrown open, and a force of volunteers entered and took all of the rioters prisoners.

Among those opposed to the rioters the only casualty was a wound in the shoulder received by Lieut. Parker, and it is supposed that it was from a shot fired by Wilcox. On the side of the rioters there were seven natives killed and twelve wounded. From remarks of passengers on the Australia it seems it had been arranged to have 400 or 500 more persons participate in the insurrection, among them some of the best people both among the whites and natives. Letters were taken from Wilcox which led to the arrest of several well-known people, among them, it is said, J. E. Brown, editor of a Hawaiian newspaper. The general impression is the leaders of the riot will never be convicted, as they will demand a jury trial by natives, and the majority of these are in sympathy with the movement.

Two Men, Supposed to be Train Robbers , Kill a Porter on the Iron Mountain Road in Arkansas

CHICAGO, Aug. 10 .- A special to the Inter Ocean from Frankfort, Mich., says a terrible encounter occurred in Otter Creek this morning, in which Chas. T. Wright, president of the Otter Creek Lumber company, of Racine, Wis., shot and instantly killed Deputy Sheriff Neal Marshall and Dr. Frank P. Thurber. Wright had failed to pay certain taxes and the sheriff attached a lot of logs. It is thought Wright, with a force of men, attempted to regain possession, and in the melee Thurber was killed first and the marshal soon afterwards. It is rumored over sixty men were engaged in the affray and others may have been wounded. The propeller Delaware with a force of officers is leaving for Otter Creek to capture Wright dead or alive. It is said Wright has escaped on a burge and departed for the Wisconsin shore.

Murder and Suicide.

SACRAMENTO, Aug. 10.-This afternoon a painter named John Henning entered the candy store of John S. Pellers and after a short conversation with Mrs. Pellers he drew a revolver and placing the muzzle behind her left ear, fired. The ball crashed through the skull, and the physician states that she will die. Henning then fired a bullet through his own head and fell dead. The cause of the tragedy is not known, but the love of Henning for Mrs. Pellers, which was not reciprocated, is given as the most probable cause.

Supposed Train Robber's Crime. LITTLE ROCK, Ark., Aug. 10.-News reached here of a supposed attempt at train robbery made to-night on the Iron Mountain railway, one mile south of Newport, Ark. Two men got on the train there between the baggage car and smoker. A fight ensued between them and Baggage Master Jarretty and the colored porter, Andy Crittenden, in which the latter was killed and the former wounded. One of the men jumped from the train and escaped, but the passengers and train men, among whom was a detective, captured the murderer a little after midnight. He gave his name as S. A. Whitfield, of Baxter county, this state. He is about 21 years old and says his partner was Mike Mowlders, who escaped. They were out of money and were only trying to beat their way when the fight came up.
